

POSTURITE

- Supports re-use of existing and often redundant seating stock (legacy stock)
- Manage changing posture and pressure care needs in existing 'favourite' chair
- Cost effective solution for those sat in ill-fitting chairs

SYMMETRIKIT AVANTI

- Simple fitting and supportive sitting - sit well every time
- Adjustable postural care options
- Single point brake system

SYMMETRIKIT STANDING CHAIR

- Support long term mobility - keeping clients active to maintain independence
- Mimics the biomechanics of natural standing
- Sit right every time - correctly positions into the back of the chair, no need to reposition

SYMMETRIKIT SENCILLA

- Simple, supportive seating
- **No tools needed**
- Moderate posture - medium to high pressure relief

SYMMETRIKIT TILTRITE

- One chair fits all - from 7 years old to 6'4" and up to 23 stone
- Three dimensional functional support - Dynamic Fingerform follows shape of the spine
- Built in calibration - guaranteed postural support every time
