You can do more than just sit in a Symmetrikit SMALL CHAIR

The Chair that does everything that a School/Work chair can offer but so much more.....

POSTURE and PRESSURE:

Basic to 3D supportive seating to ensure you are supported and comfortable.

FUNCTION:

- Tilt in Space function to enable eating and drinking.
- Can be used with a table for activity and learning.
- Lie down in supine or side lying
- Tilt the head for Postural Drainage.

Many children just use it as a 'chill out' chair for watching TV and relaxing.....

18 months old to 9 years of age
